

## **ADDENDUM TO THE ENVISION SAN JOSÉ 2040 GENERAL PLAN FINAL PROGRAM ENVIRONMENTAL IMPACT REPORT**

Pursuant to Section 15164 of the CEQA Guidelines, the City of San Jose has prepared an Addendum to Envision San Jose 2040 General Plan Final Program Environmental Impact Report (EIR) because minor changes made to the project, as described below, do not raise important new issues about the significant impacts on the environment.

**PP12-076 – Sanitary Sewer Master Plan Phase II and Phase I Update** Addendum to the Envision San Jose 2040 General Plan Final Program Environmental Impact Report for Phase II and an Update of Phase I of the City's Sanitary Sewer Master Plan. This Master Plan Update addresses sewer capacity improvements necessary to accommodate planned future growth under the City's Envision 2040 General Plan.

Council District: Citywide

The environmental impacts of this project were addressed by a Final EIR entitled, "Envision San Jose 2040 General Plan Final Program Environmental Impact Report," and findings were adopted by City Council Resolution No. 76041 on November 1, 2011. Specifically, the following impacts were reviewed and found to be adequately considered by the EIR:

- |   |   |   |
|---|---|---|
| <input checked="" type="checkbox"/> Traffic and Circulation | <input checked="" type="checkbox"/> Soils and Geology   | <input checked="" type="checkbox"/> Noise                       |
| <input checked="" type="checkbox"/> Cultural Resources      | <input checked="" type="checkbox"/> Hazardous Materials | <input checked="" type="checkbox"/> Land Use                    |
| <input checked="" type="checkbox"/> Urban Services          | <input checked="" type="checkbox"/> Biotics             | <input checked="" type="checkbox"/> Air Quality                 |
| <input checked="" type="checkbox"/> Aesthetics              | <input type="checkbox"/> Airport Considerations         | <input type="checkbox"/> Microclimate                           |
| <input checked="" type="checkbox"/> Energy                  | <input type="checkbox"/> Relocation Issues              | <input checked="" type="checkbox"/> Construction Period Impacts |
| <input checked="" type="checkbox"/> Water Quality           | <input checked="" type="checkbox"/> Utilities           | <input checked="" type="checkbox"/> Facilities and Services     |

**ANALYSIS:**

The proposed project was analyzed for environmental impacts resulting from the planned improvements to the City's sanitary sewer system needed to accommodate additional population growth anticipated under the Envision San Jose 2040 General Plan. No new or more significant environmental impacts beyond those identified in the Envision San Jose 2040 General Plan Final Program Environmental Impact Report (FEIR) have been identified, nor have any new mitigation measures or alternatives which are considerably different from those analyzed in the EIR been identified. The Initial Study supporting this Addendum provides a focused review of the potential environmental impacts of the Sanitary Sewer Master Plan.
